**"A journey  
of 1,000 miles  
must begin  
with a single  
step."**

Congratulations. You've just completed one journey and are about to start another. It's exciting. It's scary. It's inevitable. Like time, we also must keep moving. And like the Chinese proverb states, the journey begins with but a single step. Clatsop Community College provides a stepping-stone for many students and families seeking a quality, inexpensive alternative to attending a four-year state or private institution. For others, vocational programs provide the chance to acquire skills and knowledge to enter current and developing fields of employment. While at Clatsop, students enjoy personal attention and choose from a diversified, fully accredited curriculum. Before taking that next step, investigate the Clatsop option. It may pay to follow those who have already made the journey . . . one step at a time.
